

ILS Legendary: An Explosive Discovery

The Interplanetary League Spaceship Legendary is one of the largest in her fleet. Fully equipped with everything from cutting-edge weapons to an onboard resort, a job on the Legendary is considered among the most prestigious you can achieve. While on a diplomatic mission to make first contact with a recently-discovered species, the Legendary makes a startling discovery...

HERO is a loyal crew member on the Legendary.

VILLAIN is the lone survivor of an explosion, discovered in an escape pod.

SIDEKICK is a crew member on the Legendary, childhood friends with the HERO.

MACGUFFIN is a superweapon that destroyed VILLAIN's ship, lying dormant in the middle of a debris field.

ACQUISITION: the character finds schematics of the superweapon, meaning they can recreate it or set it off.

ACTIVATION: the superweapon schematics are given to the Interplanetary League, allowing them to begin construction.

DESTRUCTION: the superweapon is set off and destroyed, causing a huge explosion.
